3

Jurisdictions — Mainland, Free Zone, Offshore

1

Partner for formation, compliance and growth

EMPOWERING YOUR BUSINESS JOURNEY — FORMATION TO FORTUNE

02

Why Lemar & Structures

What sets us apart, plus Mainland, Free Zone and Offshore compared side by side.

03

Services & Process

The full service range, and the four steps we follow on every engagement.

04

Journey, Investment & Contact

The nine-stage journey, what to prepare, and how to reach us.

WHY LEMAR

Most providers stop at your licence.

One partner, every stage

Formation, licensing, visas, banking, compliance, corporate services, advisory, branding and marketing — coordinated by one team.

Real Dubai expertise

Practical working knowledge of local jurisdictions, authorities and procedures — applied to your case, not recycled from a template.

Built around your activity

Your structure follows your business activity, ownership requirements, visa needs and where you plan to be in three years.

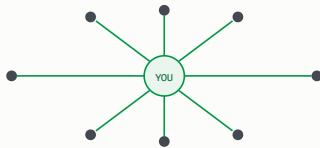

Transparent by default

Clear scope, honest timelines, and no promises we can't stand behind. Where approval sits with an authority, we say so.

CHOOSE A STRUCTURE

Mainland, Free Zone and Offshore — side by side

01 — Mainland

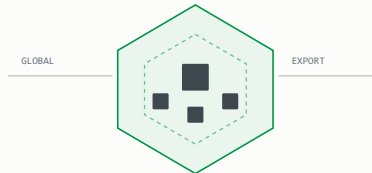

Trade across the whole UAE

Work directly with the local market and government entities, with room to expand as you grow.

- ✓ Trade anywhere in the UAE, no local distributor needed
- ✓ Eligible for government and semi-government work
- ✓ Office and visa capacity that scales with headcount

02 — Free Zone

A focused ecosystem for your sector

Streamlined setup inside a defined operating framework, with sector-focused communities.

- ✓ Streamlined incorporation and licensing process
- ✓ Flexible packages, from flexi-desk to full office
- ✓ Well suited to international trade and services

03 — Offshore

A holding structure for international interests

Built for holding and international business, rather than day-to-day operations in the UAE.

- ✓ Suited to holding assets, shares and IP
- ✓ No UAE operational office or residence visas attached
- ✓ Often used alongside a mainland or free zone entity

The right choice depends on your activity, ownership, visa needs and how you plan to operate. We'll assess your requirements and recommend the structure that fits.

FULL SERVICE RANGE Everything your business needs, in one place

Company formation

Mainland, Free Zone and Offshore setup — jurisdiction selection, activity guidance and complete incorporation support.

Licensing

Commercial, professional and industrial licensing, with guidance on the approvals your activity requires.

Visa services

Investor, employee and family visas, plus Golden Visa assistance. We guide each step and prepare documentation.

Final approval remains subject to the relevant authority.

Business bank account

We prepare your documentation and application in line with your business profile and banking requirements.

Account opening is at the bank's discretion.

Tax registration & compliance

Corporate Tax and VAT registration, filing support and ongoing compliance, handled properly and on time.

Corporate services

Corporate secretarial support, governance, company administration and document attestation.

Business advisory

Business planning, market research, feasibility studies and management consultancy for decisions you can defend.

Branding & marketing

Brand identity, design, marketing materials, social media, content, SEO, digital advertising and media production.

HOW WE WORK Four steps, no guesswork

STEP 01

Consultation

We map your activity, objectives and requirements — and tell you what the process actually involves.

STEP 02

Recommendation

You get the structure, jurisdiction and licence that fit your plans, with the reasoning behind each choice.

STEP 03

Processing

We prepare and manage the documentation and coordinate with the relevant authorities on your behalf.

STEP 04

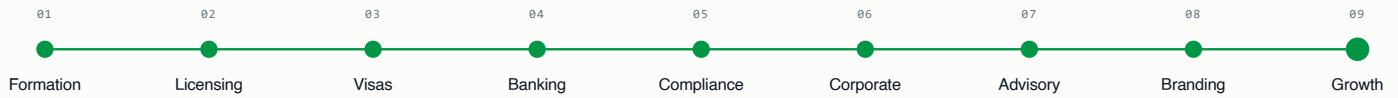

Ongoing support

Visas, banking, compliance, corporate services and growth support as your business develops.

GOOD TO KNOW Every engagement starts with a scoped, written quotation — so you always know exactly what's included before we begin.

THE LEMAR JOURNEY

Formation to Fortune

BEFORE YOU CALL

Have this ready

- ☐ Your intended business activity
- ☐ Mainland, Free Zone or Offshore preference, if you have one
- ☐ Number of visas you'll need
- ☐ Whether you already operate a company in the UAE
- ☐ Any additional services — compliance, banking, branding or marketing

INVESTMENT

What does it cost?

Pricing depends on your business activity, jurisdiction, visa requirements and the services you need. There's no useful single number — so we don't publish one.

Share your requirements and we'll prepare a tailored quotation, itemised so you can see exactly what you're paying for.

Call +971 523 767 776 for a tailored quote →
